PC Nomination

Broda wins fifth ballot

By Lyle Hamm

Second time P.C. candidate Dave Broda, who narrowly lost last spring's Beaver River Conservative nomination to the late John Dahmer, captured 1,377 votes in the fifth ballot to beat out Paul Dechaine of Bonnyville at last Saturday's convention in Glendon.

The Redwater native jumped out to an early lead in the first ballot and gradually increased his support throughout the 10 hour convention.

It was one of the hardest fought political battles in recent years said many of the die-hard party supporters who stayed at the event through its duration.

Over 3,000 people jam-packed the Glendon Century Arena and hall to show their support for their candidates.

Silence prevailed over the

crowd shortly after 9:00 pm. as convention Chairman, Larry Langage, disclosed the results of the fourth ballot. With Broda, Dechaine, and Elk Point's Donna Dahmer still in contention, it was Dechaine edging out Dahmer by four votes to take second place and force a fifth ballot with Broda.

Upon her exit, Dahmer told reporters that her supporters could vote as they wished in the final ballot.

A victorious Broda took the microphone shortly after 10:00 pm. saying, "This is not where it ends, this is only the beginning."

Surrounded by his wife and three daughters, Broda told the jubilant crowd, "The by-election will be a tough, hard battle, but we all have to continually work together to keep Beaver River tory blue."

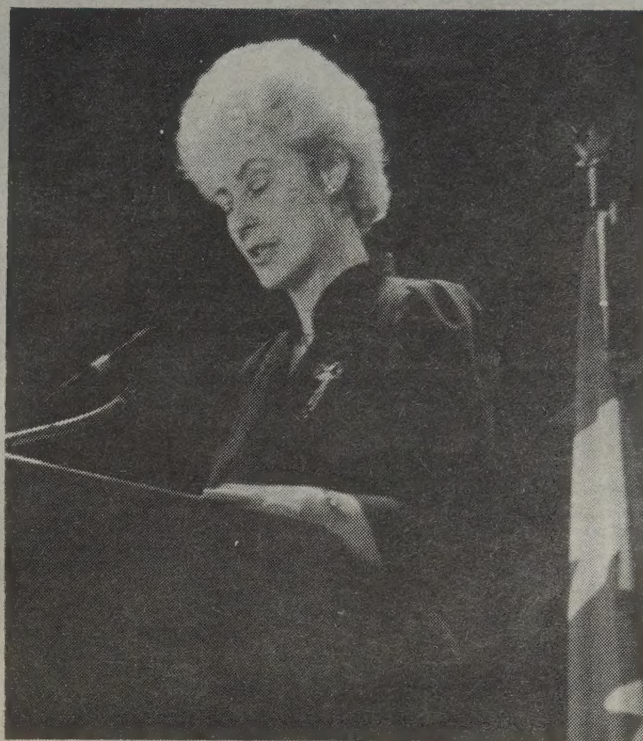

The Honorable Deputy Prime Minister Don Mazankowski took over and said, "My congratulations goes out to all the candidates who made this nomination convention a first class event."

Of the remarkable crowd that showed their support, Mazankowski said, "It looks like we have a truly united team which will help keep Beaver River blue."

"We need all your support now because by-elections are tough. They are not like general elections," he said.

"We need another Conservative representative in Ot-tawa," he added.

Reform candidate Deborah Grey was seen at the weekend convention as she left her mark on many vehicles in the lot by placing her party material under vehicle windshield wipers.

Out on fourth ballot

ELK POINT AREA CANDIDATE—Donna Dahmer lost out of the PC nomination race on the fourth ballot, when she had four votes less than runner-up Paul Dechaine. Dechaine lost out in the final ballot, when a large majority of voters decided in favor of Dave Broda.

FIFTEEN YEARS ON BOARD—Niki Riemer, who is retiring from the Elk Point Public Library Board after fifteen dedicated years, is presented with an engraved gold lifetime membership card by Library Board Chairperson Adele Mandryk at the Board's annual meeting last week. Story on Page 2.

Garbage policy implemented

Elk Point Town Council took Monday's blizzard as a signal to implement their new Winter Garbage Policy of front-street pickup—only to receive notice Tuesday that the truck used for residential garbage collection had broken down, and collection was rescheduled to Friday, February 3. However, at that time, the new policy will apply.

First and second readings were given to both the residential and non-residential garbage collection bylaws by Council on Monday evening, but third readings were delayed by the need for additions to the bylaws. The Residential Garbage Collection Agreement will have a schedule of the residential rates for 1990 and 1991 attached before the final reading is given, while the location of the new sanitary landfill site is to be added to the Non-Residential Garbage Collection Agreement.

A proposal from an area resident wishing to salvage fencing materials from the recently abandoned modified sanitary landfill site was turned down by

Council, as the Town has identified its own uses for the material and will be conducting their own salvage operation.

Council approved in principle a 1989 operational budget presented by the Municipal Airport Commission. The budget will now go to the County of St. Paul for their approval.

A vacancy on the Municipal Recreation and Cultural Board

was filled by Council, with the ratification of the appointment of Victor Stepa to the Board.

An amended application to the Community Facility Enhancement Grant will be made, as per a request by that body. The Town will ask for \$20,000 for an engineering study for the proposed Community Services Centre, and \$10,000 for a marketing survey.

Dahmer loses in fourth ballot

By Lyle Hamm

Donna Dahmer came close to placing second in the fourth ballot in Glendon and challenging Dave Broda in a fifth vote.

"There were many people that had

to go home," she said of the missing 800 votes between the first and fifth ballots.

Dahmer came third in the fourth ballot by a slight margin of four votes. Bonnyville's Paul Dechaine

edged her out by a count of 666 to 662.

"We were gaining about 100 votes each ballot, so it appeared to be going the right way," she said.

As for alliances, Dahmer said, "We had tentatively made a couple and been assured support from their backers."

When Dahmer bowed out, she decided it best to let her supporters vote on their own.

"There were differing opinions among them, some wanted to go with Paul (Dechaine) and others wanted to support Dave (Broda). I didn't feel it was my duty to influence them so I said it was up to them."

Dahmer felt that there were a few personal issues that possibly she should have clarified in her opening address. Yet, people from all corners of the nomination floor viewed her opening speech and subsequent performance through four ballots as very well put together. Had she edged out Dechaine, some speculated on a different outcome.

For the by-election, Dahmer said that she would support Broda as best she could.

LIBRARY VOLUNTEERS HONORED—Longtime library volunteer Lena Stepa accepts a handsomely engraved plaque honoring the efforts of herself and fellow volunteers Ila Borowski and Anna Mae Warren from Library Board chairperson Adele Mandryk at the Library Board's annual meeting. The plaque is dedicated to the memory of the late Mary Bennett, who also served many hours as a library volunteer.

Great year for library

Elk Point Public Library has enjoyed a 28.3 percent increase in circulation during 1988, according to the annual report given by librarian Doreen Mayner at last week's Annual Meeting. A total of 22,788 books, periodicals, cassettes and talking books were circulated to the library's 849 patrons during the year. This is well over double the circulation of just four years ago, Mrs. Mayner noted.

Mrs. Mayner also reported that several new services were implemented during the year, including weekly children's movies, puppet shows, a children's author tour, a music cassette library, a comic book exchange, and a vertical file. The library has purchased a television and VCR for use in the program room.

Other events this year included a visit from Grant MacEwan, a book fair, an anniversary open house, three art displays and a craft display. Sixty meetings were held by various groups in the Library's program room, as was the advance poll for the federal election.

A total of 855.5 hours of volunteer work was recorded by the library. In addition, many more hours were spent by library volunteers at outside events, such as Information Night,

the Trade Fair, and Canada Day.

Donations during 1988 came from the Elks Lodge, the Association of Professional Engineers, Geologists and Geophysicists of Alberta, the Lioness Club, Parent Nursery, United Nurses of Alberta, Donna Dahmer, and Ron and Kim Lentz. A number of books were also donated.

A memorial fund was set up during the year, with donations made to the fund in memory of Mary Bennett and Beryl Brett.

The Library Board elected their new executive at the meeting, with Adele Mandryk returned as Chairperson, Charlie Mahon taking the position of Vice Chair, Louise Krissa as the new secretary, and Stan Dmytrash returned as Treasurer.

Niki Riemer, who retired from the Board after 15 years of service, was presented with an engraved gold lifetime membership card. Billie Milholand, who also retired from the Board recently, was given a complimentary 1989 library membership.

Three long-time volunteers were also honored with an engraved plaque and lifetime memberships. The plaque, to which the names of more long-time volunteers will be added in future years, honors the memory of Mary Bennett.

HOSTS AND WINNERS—the B & R Bullets won the \$450 first prize money in the A side of their own tournament last weekend, with a win over Ranfurly. Twelve teams took part in the 3-day tourney.

BRUINS TAKE B SIDE—St. Paul Bruins won the B Side of the B & R tournament, after being defeated by the host team in their first game of the schedule. They defeated Clondonald in the final to win \$350.

A SIDE RUNNERS-UP—were the Ranfurly Raiders, who collected the \$250 second prize.

CLONDONALD OV'S—were runners-up in the B Side, winning \$150 in prize money. Other teams in the tourney came from Wainwright, Landonville, Frog Lake, Bonnyville, Redwater, Vermillion, St. Paul and Elk Point.

Lopsided win for the Elk Point Elks

Elk Point Elks took on a seven-member contingent of the Goodfish Flames Sunday evening for the most lopsided game of the year.

A good-sized crowd waited over an hour after the scheduled game time of 7 p.m. for the Flames to show, and

finally enough players arrived to put a single line, with a seemingly inexperienced goalie, on the ice.

The game was a disaster from the very start for the Flames, with eight Elks goals on the scoreboard before a Goodfish shot hit the mark. One more goal for each team was racked up by the end of the period, with the increasingly adept efforts of the Flames goalie applauded by all.

Due to the delayed start, it was decided to switch ends and play a 25 minute, straight-time second period, with no intermission.

Ten minutes into that period, with the shorthanded team tiring and four more Elks goals on the scoreboard, the Flames goalie was injured trying to keep yet another goal out of the net,

and had to leave the ice. The game resumed after a time out, with the Elks' other goalie, Mike Scott, pinch-hitting in the Flames net. Five more goals were scored on the Flames during the balance of the period.

With the score sitting at 19-2, and the visitors exhausted, it was decided to cancel a third period of play.

The game gave several of the Elks a big boost in the scoring race, with Troy Lorensen scoring 6 goals and 2 assists, Willie Lesyk 3 goals and 6 assists, George Ward 3 and 2, Murray Cochrane 2 and 3, Keith Campbell and Mike Boratynec each 2 and 2, Kerry Loughran 1 and 3, Alain Leclerc 2 assists, and single assists by Delwin Slempp, Allan Loughran, Glen Bodnar and Murray Scoggins.

Alberta Trails

One down, eleven to go

By Irene Magnusson

There have been so many things going on this past week, I almost forgot to write an Alberta Trails! I won't tell you all the little things I have been so busy at, you are busy, too, with the many things, large or small, of importance to you. Suffice it to say - the weather has been gorgeous, beautiful and unusual for this last week of January, designed to spoil us forever for the normal cold and snow and bitter winds of other winters, other years.

I'm afraid the lack of snow is going to show up to our detriment come spring, if we get no more than now is sprinkled about. All the sloughs and erstwhile little streams lie empty, the lakes so low as to be pitiful. Dugouts look just like what they are - big holes in the ground, not the ripple-covered little lakes we once knew (well, of course there wouldn't be any ripples just now - but there could be ice).

Since it does no good to worry and whine, I will try to ignore this lack of co-operation on the part of the "Snowman", and enjoy the blue sky, the many birds around the feeders, and my windy little ski trails, a bit icy but still navigable. We walked in the thick of the spruce swamp the other day, and noticed the mounds of dissected cones, where our red squirrels have feasted on the tiny seeds. The larger mounds, pierced with a multitude of tunnels, form well-insulated homes for those squirrels, some must be cities, they are so large. Overhead, toward the edge of the swamp, a bluejay makes his scratchy call. On a few willows, as we leave the wooded area, on this January day, we saw tiny white pussywillows, stirred from slumber by this unseasonable warmth. (I have witnesses!)

One of my 'busy' days was last Saturday, when I went with friends to Glendon for the Candidate Nominating event. I had never been to a nominating convention before, so had no idea what to expect. By the time we made our way through the streets of Glendon, past the multitude of parked cars, then inched our way along in a column of humanity four abreast, two blocks long, squeezed through a door and passageway, to

finally come out into the large registration room, I was beginning to feel like an ant as they swarm if you took the top off their hill. There were literally swarms of people - and I am not used to that at all.

As the day progressed, we continued to be part of a giant swarm, moving hither to yon, in surges, as the balloting took place. We moved, nose to shoulder blade, in a welter of winter coats, inch by inch through the narrow doors, to the voting room, back through passageways and narrow openings, into the broader expanse of the arena floor, where untold numbers of chairs had been set for our use, ankle-deep as the day went on, in posters, pop cans, brochures, signs, plastic forks and plates - all the hodge-podge of the paper pursuit of candidates and their friends vying for your vote and mine.

The air was cluttered, too, as wild chants and shouts were taken up, posters raised and shaken, hats, ribbons, buttons and tags proclaiming the names of the candidates, and now and then the announcer's large voice over the hub-bub, reading the results of the balloting, or calling for another round. At this time we rose, if we had been sitting, and inched our slow way out to the voting room, marked our X, and inched our way back, through those narrow doors, jammed in, on all sides, by other inching bodies - all of whom were at least a foot taller than me.

I saw numerous old friends, some not seen in years. Most of them spoke to me (a big plus of the day). I even remembered the names of some of them! Late in the day, it was announced that we should refrain from using the washrooms, due to a water break in the town. There were concessions offering pop, coffee, snacks. I'm sure they did a roaring business. Outside, in balmy zero-ish sunshine, traffic was orderly and smooth, I imagine the 'parking area' extended over the whole town, although I wasn't able to see all that, having been dropped at the end of the lineup, sometime around noon.

Driving home on the quiet night roads, I wondered what it would do to a person's nerves and system to be surrounded that closely, day after

IF THIS STORM KEEPS UP—long enough, maybe we'll end up with some interesting drifts, such as these roadside sculptures. With the bare fields around, some will be black drifts. Photo by I. Magnusson.

day, with humanity, as in, say, a large city, or one of those countries we so often see depicted on our TV screen, wall-to-wall people, long streets of packed figures, not an automobile in sight, perhaps a few bicycles. You can almost realize why so often they are shown with clenched fist raised high, screaming and chanting. I would, I believe, soon become claustrophobic, nervous, unable to breath. And certainly, a lot meaner.

I was a bit surprised to find that 14-year-old kids were allowed to vote in this election - but I soon saw why. It has to be that they are allowed, and encouraged, to come there and take part. How else - and who else - would have the stamina to carry those signs and banners, screaming and yelling for hours on end? No one but teenagers, I'm sure! Whether they are paid to do it, or hypnotized into it, I don't know. They did seem to be en-

joying it. Most kids like a chance to yell their heads off...and not be censured by the adults. I hope they were well fed.

Certainly, the youngsters were not the only ones who chanted and yelled - they just stuck with it longer and louder.

February, we greet thee. This is the month we get rid of in the shortest time. This is the month in which we honor St. Valentine, and lovers all, the month in which the groundhog rises and with only a glance at his shadow, foretells us of a long winter, or a foreshortened one. And it is also the month of my sister's Birthday (Oh, no! No card, no gift on its way!!!). Well...she must know I'm a thoughtless wretch, by now, and perhaps she will forgive me one more time. May charity mold your thoughts, and love bloom in your heart.

Elk Point helps miracle happen

Elk Point Ukrainian Dancers and the people of Elk Point and district helped to make the Associated Canadian Travellers' Telerama Miracle '89 happen. Clubs, businesses and people like those of Elk Point and district helped the ACT raise over \$1.2 for the handicapped citizens of northern Alberta. This year, all money raised will be spent on the individual persons rather than on one large facility.

The Elk Point dancers performed at the Mini Telerama in Westlock on January 21. The entire club danced at three different locations throughout the day. The senior group also danced at the evening supper and

dance during the Emeralds' half time break. Our dancers received a standing ovation and were proud to represent Elk Point.

Upon returning home, the Dancers canvassed the town of Elk Point for donations. In one short week they collected \$2038.

This was presented to the Telerama team on Sunday, January 29 at 11 a.m. after the dancers had performed their Hopak dance.

The club wishes to thank all the donors from Elk Point and area, Ed Dyky of Dyky Sales, Westlock, Westlock and District Mini Telerama, and the ACT.

LETTER TO RESIDENTS OF WARD 2 OF ELK POINT HOSPITAL DISTRICT

(East of highway 41 including Lindbergh, Heinsburg and Frog Lake)

Due to deliberate actions of the Elk Point Hospital Board, I find myself having difficulty doing the job you elected me to do.

When I was elected more than two years ago, I stated I would try to get the Hospital Board to actively recruit more doctors, expand medical services, prepare for the medical needs of our aging population, and improve the image of our hospital. I have worked in all of these areas with varying degrees of success. I have also worked hard to improve financial accountability, quality control, public relations, and staff morale.

Lately I have disagreed with some board members over issues of financial accountability, quality control and staff management.

Last week a new problem arose. Up until this time all meetings of the board were in the evenings except at harvest and spring planting time. Some board members have pushed hard lately to have all meetings held during normal working hours. I tolerated this, even though this was an imposition on my employer and a hardship on my students. Last Tuesday I presented strong arguments that the board should return to evening meetings. I was prepared to meet on any evening, weekend or other time that did not conflict with my employment.

However, the Board then passed a motion that henceforth "all meetings will be held during the daytime" knowing full well that this would make it nearly impossible for me to fulfill my elected duties. The stated reason for this was that driving in the day is easier than driving at night. If I miss 3 meetings in a row, the Board has the power to remove me as a Board member.

These actions may leave all residents of Ward 2 (about 2000 people) without any representation. I do not feel that the Board has any right to deny these people a voice in hospital affairs.

I do not plan to resign even though this action severely limits any input that I can make to the Board. There are still many necessary changes that need to be made at the hospital. Although I will be limited in what I can accomplish, I plan to try and finish this term of office. I would like to ask for the support of my constituents in this matter. As always, I remain open to the concerns of the community.

Sincerely yours
Marvin Bjornstad
Hospital Board Member

THAT'S HOW MANY CANADIANS ARE WHEELCHAIR BASKETBALL PLAYERS

Way to go, Canada! PARTICIPATION

Starscope

By Eileen Norby

Life goes forward, not backward. True, we need some reconsideration for going over old ground. Life is often made more profound by looking at things a second time around. But after all, life is about going forward isn't it? Tim Lyons says we are seeking the new, the fresh, the original, the inventive. You're going to meet the love of your life. In the words of Shakespear's Caliban, "be merry and jocund" (in high spirits). Let us love the unusual Aquarius.

Aries (Mar 20 - Apr 20)

You like to eat! Especially seafood and salads. Your Sun Sign appreciates a robust taste. You are the ram, naturally you will enjoy life to the fullest. Stop butting your head against a stone wall and make a calorie change. February has lots of vim, vigor.

Taurus (Apr 21 - May 21)

Avoid hard liquor. You undergo a personality change. Stick to wines of certain vintages. You may enjoy champagne which you sip - never gulp! The sign of the bull loves cocktail lounges, social and private parties. Your artistic nature will help you leave an indelible impression on your suitor.

Gemini (May 22 - Jun 21)

You try too hard! You gain entry into some of the best homes. You are a very good neighbour. You love to chit-chat idly over a beer. You're never in a hurry Gemini. You thrive on people. Your dual sign is putting you in a lackadaisical mood. Don't fret over it.

Cancer (Jun 22 - Jul 23)

The crab is often given to mood swings. You can be joyful or reclusive. This chases people from your presence. Whether you're male or female you find it difficult to connect with the right person. Your independent personality is sometimes a drawback. Pretty painful!

Leo (Jul 24 - Aug 23)

You can be somewhat gaudy and

AQUARIUS

Jan. 21-Feb.19

flashy. Two heads are better than one, lion-child, take someone shopping with you. It is this cosmic urge to spend that needs control. You will have an increased income in 1989. Be open about your philosophical opinions. Be a pussy-cat.

Virgo (Aug 24 - Sept 23)

You have a way with pets. Pets can be wonderful for your emotions and even your health. Virgoans are not devout lovers of animals. You will tolerate an obedient dog. You will avoid backlash if you will only try to see eye to eye with people. Look for victory in a verbal battle.

Libra (Sept 24 - Oct 23)

Harmony is very important to you. Cosmic alignment in February will put everything in balance on your scales. Don't shrug off debts. Work out a payment plan if need be. A second job maybe? Wear your birthstone opal for a magic enchantment of good luck. Be bold, Libra.

Scorpio (Oct 24 - Nov 22)

So far so good hey? The position of the planets points to a shakeup. The stars say your financial picture is stronger than you imagine. Be on guard against wishful thinking. Answer your letters! Romance comes via the mail. Don't get yourself in a sweat today.

Sagittarius (Nov 23 - Dec 21)

Seek new horizons. The centaur-archer gives you a free and explorative personality. You are open-minded and positive. Turn a "No" into a "Yes" with a smile and a warm

handshake. Turn on that Sagittarian charm. Wear your cosmic purple like a magnetic aura.

Capricorn (Dec 22 - Jan 20)

You have been a very calculating type lately. You can take the good with the bad so you are hardly pessimistic. A realist, obviously, that is in your favor. Lunar reactions give you an up beat mood. Be a good listener. Avoid gossip. Call a friend!

Aquarius (Jan 21 - Feb 19)

Guard against negative traits. Remember "Flexibility" is the word. You can be very immovable in your opinions. Hold fast to a person you love with all your heart, you'll resist temptation. You carry too many burdens! Get away from routine, revitalize via recreation.

Pisces (Feb 20 - Mar 19)

Shopping for bargains turns up an irresistible surprise. You enjoy a small child's game. Easy on the fat and salt. Eat lightly this week. Planetary shifts enable you to let off steam. Today is your time. Cut loose. Let others make their own decisions.

TURNING OPPORTUNITY INTO ENTERPRISE

OPPORTUNITY

In 1979, after years of construction industry experience, Ed Croteau and his partners identified the need for truss products in North-Central Alberta.

CHALLENGE

They needed aggressive start-up financing to build a competitive, state-of-the-art plant.

SOLUTION

They went to AOC and received an excellent financial package and valuable advice on centralizing the plant in Elk Point. Elk Point Truss now employs up to 25 people in designing and manufacturing trusses for homes, barns and commercial buildings.

Canada Post Corporation Delivering on our promise in rural Canada

Accessibility and convenience

In the spring of 1988, Canada Post Corporation made an important commitment to people living in rural areas of Canada: a promise to make postal products and services more accessible to these important communities.

By working with businesses in communities more and more postal outlets are now operated by local merchants, resulting in more accessible and more convenient postal services than ever before.

The facts and figures are in — the promise is paying off

Accessibility to our products and services has been dramatically improved. In the past, hours of service averaged 29 hours per week. Our new commitment has improved the average hours of service to 65 hours per week. An increase of 126%.

More proof of our promise

Our efforts are working. Independent surveys continue to show that an overwhelming majority of rural Canadians surveyed believe that the post office is moving in the right direction towards better service. Just as we promised.

*Canada Post is in rural Canada to stay.
That's a promise.*

Dieticians hold development day

Around 25 members and guests of the Alberta Registered Dietitians Association (ARDA) took part in an in-service development day at Elk Point Municipal Hospital last Thursday, with guest speakers from the North East Alberta Health Unit and the Bonnyville Career Centre offering the group much food for thought. Colleen Mc Dougall of NEAHU led

the ladies through a whimsical look at sexuality through the ages, and asked, 'Have we been liberated? What do we think liberation is, anyway?'

'We don't know how to please ourselves,' Ms Mc Dougall said, adding that women's backgrounds and conditioning have gotten them to a point where 'we don't know what we want.'

Women's roles in today's workplace were explored, and ways of dealing with sexual harassment, catty co-workers, unfair treatment by male co-workers and harmony in the work environment were discussed.

Sue Lysachuk of the Bonnyville Career Centre led the afternoon session, telling her audience that many of her clients are 'career changers', which is not surprising in view of statistics which show the average person holding 10 to 12 jobs in 2 or 3 different occupations during the working years. Her department 'helps you to find what suits you best, and how to be happy where you are.'

With input from all present, Ms Lysachuk outlined the characteristics of a 'professional', which include being well organized, using time management skills, balance between multiple roles, keeping well informed, being loyal to one's employer and to the company one works for, exhibiting leadership, and having a positive attitude.

Elk Point Hospital's dietician Charlotte Engstrom introduced plans for the upcoming Nutrition Month promotion, which will start March 3. Special placemats have been prepared for use in participating restaurants, prime-time television and radio commercials have been produced, and a radio talk show is in the works.

HOSPITAL DIETICIAN—Charlotte Engstrom proudly displays one of the Nutrition Month placemats which will be showing up in restaurants in the Lakeland during March to promote healthful eating habits.

Federal By-Election IN BEAVER RIVER

A NEW VOTERS' LIST TO BE PREPARED

(REDWATER, Alberta, January 27, 1989) — The returning officer for the federal riding of Beaver River, Mr. Eugene Chaba, today reminded voters that, under the Canada Elections Act, a new voters' list must be prepared for the by-election being held on March 13. (The by-election was called following the death of the candidate elected in the November 21st general election, Mr. John Dahmer).

For voters in the Beaver River riding, this will be the third time they have been enumerated in the last five months. Returning officer Chaba explains that, if a person was enumerated by the province last September or was included in the voters' list for the November 21 federal general election, this does **not** mean they are automatically on the list for the by-election. Instead, an entirely new voters' list **must** be prepared.

Enumerators will be at work compiling the list of eligible voters **between Friday, February 3 and Thursday, February 9**. To be included in the voters' list, a person must be:

- a Canadian citizen
- aged 18 on or before March 13, and
- resident in the riding of Beaver River on February 3.

In BONNYVILLE and ST. PAUL, a pair of enumerators will visit each household to collect the needed information. If necessary, they will make at least two visits during the week-long enumeration. For each elector they register, the enumerators will leave an information slip.

In all other parts of the riding, one enumerator will prepare the list and post it in a public place for voters to check.

Every voter who is registered during enumeration will be sent a notice of enumeration card in the mail confirming that they have been duly registered and providing useful information about voting.

Voters in BONNYVILLE and ST. PAUL **must** be on the new voters' list in order to vote in the by-election. In all other parts of the riding, an unlisted but otherwise qualified person will be allowed to vote on March 13 if another voter who is on the list for the same polling division will swear on oath that the unlisted person is qualified to vote.

Voters are encouraged to protect their right to vote by making sure they are on the voters' list for this by-election.

Tourism plan forum

Thursday, February 23 has been set for the public unveiling of Elk Point's Tourism Action Plan draft, which was formulated in a weekend workshop last fall by a committee consisting of representatives of Town Council, Town administration and local organizations, under the expert guidance of senior consultant Dawn Ringrose of Panell, Kerr, Forster Management Consultants.

A public forum on the plan will be held in the Elks Lodge Room from 7 to 10 p.m. on that date, with Municipal Affairs Senior Planning Officer Ron Denboer, Alberta Tourism Community Service Branch Coordinator Donna Nay and Ms. Ringrose in

Kids Club '89!

By Idella Mathews

On Jan. 16, Kids Club started with six kids in attendance. We had a rap session, discussed the things the kids would like to do and the rules. We started a string art project but we were unable to finish because we had to order sequence pins. They hadn't arrived yet. We played games. We had fun, the time went fast.

On the 18th 8 kids attended out of the 14. Vicki Brooker came and took some pictures of the kids working on their picture frames. The kids have written articles to go with the pictures for this week's paper.

We've been doing a worksheet at the beginning of each club day, from a Leisure Education Workbook. The objective is for the kids to see what attitudes they have about leisure time and what influences them. By the end of the workbook the kids are to find that their leisure time doesn't have to be boring, or that they don't have to be without something to do, it will show them what their interests are, how to plan their leisure time and how to put the plan into effect.

On the 25th we worked on our quilted picture frames, most of us finished our frames. They really turned out nice. A good job was done by all.

As for the future, Jan. 30th we start our Winter Carnival, and it runs on Wed. Feb. 1 and Fri. Feb. 3. We will do three events each day and hot chocolate.

Feb. 6 we start our drug awareness program from AADAC, called Sense and Non - Sense. It's a four part series: 1. All Drugs Have Risks. 2. Smoking. 3. Alcohol. 4. Advertising (How commercials and advertising influence and affect our decisions). Feb. 8, AADAC, Feb. 10, Games day. Feb. 13, AADAC, Feb. 15, AADAC, Feb. 17, video. Feb. 20, badminton. Feb. 22, finish our string art. Feb. 24, Toboggan Party. Feb. 27, Craft.

Newsletter

Hey kids! How about coming to Kids Club? We would be glad if you came and you would like it, believe me! It costs \$5.00 until the end of March. If you're 12 and under you can come. We are going to be going bowling, swimming, skating, and will have a winter carnival on the 30th of Jan., the 1st of Feb. and the 3rd of Feb. We play games, do crafts, do a sheet about ourselves at the beginning of the day, and talk about things such as drug abuse, alcohol, and street safety.

What Ever Happened to Sylvia's Sewing Room?

In 1973, Sylvia Rempel identified a golden opportunity.  Namely, to provide Canadians with a good fitting, high quality and reasonably priced outerwear and sportswear line.

 What began with a big dream and a modest \$7,000 investment, is today the Sun Ice Corporation, a thriving Canadian enterprise with 1988 domestic sales of \$18 million and \$4 million in exports to the United States.

 An example of Alberta's diversifying economy.

SYLVIA REMPEL ON GETTING

STARTED: "I ended my first year with a \$16,000 loss and a wealth of experience. My friends thought I was crazy, but I kept at it. Soon the orders were rolling in.  "When my basement would no longer

do, we moved into an abandoned pool hall in the old St. Louis hotel. It was no Buckingham Palace — but the price was right.  "Today, we employ

over 200 people and produce in excess of 200,000 garments a year."  **SYLVIA REMPEL**

ON INITIATIVE: "Nobody owes you anything. If you want it, you've got to get it yourself. And that takes initiative. Character.  "Forget the word

'can't' — it's the ugliest word in the English language.  "If

opportunity knocks, go for it. Set standards for yourself. Make them

tough enough to challenge you — but realistic too.  "Be patient.

And remember, you can learn as much from your mistakes as you can from your triumphs. I certainly did."  **SYLVIA REMPEL ON**

ALBERTA'S ECONOMY: "Some people see Alberta as an oil and gas economy — and that's it. I disagree.

 "Alberta is full of opportunities for all sorts of businesses. Look at mine; we continued to grow right through the 1982 recession. It was tough — but with the help of government programs, we made it.  "There are millions of opportunities in Alberta

(I have a secret list). All you have to do is look for them. And then, be prepared to work for them. Success has never fallen into anyone's lap."

ALBERTA CAREER DEVELOPMENT AND EMPLOYMENT ON

SYLVIA REMPEL: Make no mistake. Sylvia Rempel's success story is not about luck — it's about an individual who recognized opportunity beyond Alberta's "traditional" economy. And through plain hard work and dedication made that dream come true.

 We can help you adapt to our diversifying economy with training, counselling and job creation programs.
